Product highlights

Grease drainage
Excess grease drains away via the sloped grilling plates to the included grease trays. Your food contains all the flavour and taste, but with less fat!

4 different grilling positions
With the Health Grill you can grill what you want, the way you want it: 1. Closed position is ideal for grilling meat, fish, vegetables or sandwiches 2. Gratin position is very suitable for melting cheese on toast or on vegetables (e.g. tomato or zucchini) 3. In half open position you can grill with less heat or grill large pieces of food (like chicken leg or shrimps) 4. Open position is perfect for a bbq at the table or warming up your food.
